

## CALL FOR CONTRIBUTIONS

desÀrtic

desÀrtic is a project created by **siNesteSia** in collaboration with **Greenpeace** and the **Centre Cívic Sagrada Família**. Its goal is to raise the Art community's awareness on climate change and its impacts on the Arctic. The exhibition and promotion of the artwork will help create a space to reflect that won't leave anyone indifferent.

40 art pieces will be selected from the work submitted and exhibited at the **Centro Cívico Sagrada Família**. *The exhibition will run from December 5<sup>th</sup> to 27<sup>th</sup> 2017*. The parties involved will not receive any economic compensation: no rent fee will be charged for the use of facilities and no artist will be financially compensated for showing his/her work.

The art pieces will be on sale during the exhibition. In case of a sale, 20% of each sale will be donated to Greenpeace and 80% will go to the artist. **siNesteSia** will not receive any commission or payment for these transactions as its sole interest is to promote emerging artists and collaborate with Greenpeace to create an Arctic sanctuary.

None of the above-mentioned entities will be held responsible for the potential damage, theft or other inconveniences that could affect the art pieces during the exhibition, transportation or duration of the project. Artists will transfer their work copyrights for the duration of the project and for promotional and media-related purposes only.
